DID YOU KNOW?

Winter tips from the Midland Co Road Comm. Mailboxes are placed in the road right-of-way and allowed by the Road Comm, be sure to inspect the post and hardware to assure it can withstand the impact of heavy flying snow. If the mailbox is damaged by the snow plow, the MCRC will replace it, if it is damaged by the flying snow, it is the property owner's responsibility. Also, pushing snow across county roads or onto shoulders is prohibited by law, MI Act 82 of 1978. Be sure to pile snow so that it does not cause an obstruction to motorist's vision. Finally, position trash cans so that they can be blown into the driveway rather than the ditch or road by flying snow. Have a safe winter!!
